"Be the change that you want to see in the world."

Education

M.Sc. in High energy physics and astronomy and computational physics

UNIVERSITY CADI AYYAD   *Oct. 2018 - PRESENT*

- **Specialty** : High energy physics and computational physics
- Depth knowledge in high energy physics and subatomic physics
- learned to resolve physics problems by compting

B.Sc. in Physics

UNIVERSITY IBN ZOHR   *Oct. 2017 - Aug. 2018*

- got fundamental knowledge in general physics

Diploma of General University Studies in Science of Material Physics

UNIVERSITY IBN ZOHR   *Oct. 2014 - Aug. 2017*

Skills

DevOps	ROOT, Pythia,Tensorflow
Programming	Python, C++,JavaScript ,Matlab, LaTeX
Technologies	Git, Linux (Debian)
Soft Skills	Team working, Problem solving,Self-motivation

languages

English	level C1
Frensh	level B2
Arabic	native speaker

Experience

Programmer

FREELANCER   *Jan. 2013 - PRESENT*

- Devloped Android applications using Java
- Develpped machine learning modele using Tensorflow and Python

Extracurricular Activity

Volontary work

MOHAMMED 6 DISABILITY ASSOCIATION   *Mar. 2018 - Jun. 2018*

- Volunteered for two months in Mohammed IV disability association

Member of Enactus club

ENACTUS CLUB OUARZAZATE   *Sep. 2016 - Jun. 2018*

- Successfully spearheaded a team of 50 students to conduct entrepreneurial endeavors from inception to completion
- Developed a project of filter water to a rural area

Extra Interests

Project Euler ,Sport,YouTube
